Category 6 Modular Jacks and Couplers

TE Connectivity's Category 6 SL series modular jacks exceed ANSI/TIA-568-C.2 and ISO/IEC 11801 component requirements and Category 6/Class E system performance. TE's AMP NETCONNECT Category 6 system complies with all of the performance requirements for current and proposed applications such as Gigabit Ethernet (1000BASE-TX), 10 and 100BASE-TX, token ring, 155 Mbps ATM, 100 Mbps TP-PMD, ISDN, analog and digital video, and analog and digital voice (VoIP). The modular jacks have a slim profile and are compatible with SL series and 110Connect faceplates. The universal wiring labels permit termination to either T568A or T568B wiring patterns.

FEATURES

- Thin profile improves outlet density
- Modular jacks available with integral dust covers
- Unshielded jacks allow cables to be dressed at either 180° (rear) or 90° (either side) for added flexibility.
- Universal wiring label permits wiring to T568A or T568B
- Meets or exceeds all TIA and ISO component performance requirements
- Bend-limiting strain relief included with unshielded jacks
- UL Listed: E81956
- 8-Position RJ45 modular jacks for 1, 2, 3 and 4-pair applications
- Can be terminated with either SL series modular jack termination tool (1725150-1) or standard 110 punch-down tools
- RoHS compliant
- Bulk packaging is 25 jacks per bag, 4 bags per carton
- HD Series
 - Specially designed to use with 1RU 48 port SL Patch Panels
 - Bulk packaged 24 per bag
